

Criteria for working with partners

The tcc Foundation aims to create brighter beginnings for children around the world. Our mission is to support children's development in meaningful, measurable and innovative ways by funding three vital areas:

1. Support healthy eating with education and resources
2. Protect vulnerable children with global disaster relief
3. Tackle child hunger where resources are scarce

How we determine the appropriateness of our charitable partners:

1. Does the charity share our mission to help children lead healthier, happier lives?
2. Does the charity deliver programmes in line with at least one of our 3 pillars?
3. Is the work they do measurable so we can maximise our input's potential
4. Are there good examples of projects they have delivered that are in line with our pillars and evidence of the difference they have made?

Decision criteria for grants:

- Restricted funding – money can only be spent on agreed projects
- Grant length – 1 year (can consider longer-term partnerships after the success of initial programmes)
- Grant amount – will vary with projects
- Partners have the correct charitable registrations
- Partners can demonstrate
 - Robust governance and financial management
 - Clear strategy and child protection policies in place
- Partners must be able to accept grant funding in Euros
- Partners should be well known /have international reputation and a strong track record in delivering programmes
- Partners should be willing to:
 - Provide regular communication updates for use by business
 - Offer volunteering opportunities – where appropriate
 - Work with matched giving scheme – where appropriate
 - Engage with tcc customer/partners – where appropriate
- We will not support:
 - Religious charities who won't guarantee to work with all faiths
 - Political causes

Can I apply?

Currently, our projects are with partners we have identified. We are not accepting unsolicited applications for funding at this present time.
