

## **The tcc foundation – frequently asked questions**

### **What is the tcc Foundation?**

Set up in 2017, the tcc Foundation is a corporate foundation that aims to create brighter beginnings for children around the world.

The Foundation's mission is to support children's development in meaningful, measurable and innovative ways by funding three vital areas:

1. Supporting healthy eating with resources and education
2. Protecting vulnerable children with global disaster relief
3. Tackling child hunger where resources are scarce

We also provide grants to other charities who deliver programmes in line with our values.

### **How is the tcc Foundation funded?**

The majority of our funding comes from tcc global which gives 5% of its profits after tax. We also encourage tcc employees, customers and business partners to fundraise for the foundation.

### **How do you choose which projects to support?**

We identify partners using our criteria framework and work together to create and deliver the projects. Currently, we do not accept unsolicited applications for funding.

### **How do you measure impact?**

As a new foundation, we do not have any impact information to publish as of yet. However, as we develop our projects, how and what we measure will be a key part of the discussion and final proposal. We have included some metrics in our project descriptions and will publish more data in the upcoming months.

### **What is tcc global's relationship with the tcc Foundation?**

tcc global set up the tcc Foundation in 2017 and is the main funder of the foundation through its commitment to donate 5% of its profits after tax. The tcc foundation is separate from the company and is an independent registered charity governed by its own board of trustees.

The Stichting TCC Foundation is a charity registered in the Netherlands with the number 857577463. Its registered office is at Zuidplein 84, 1077XV, Amsterdam, the Netherlands.

**How do I get in touch?**
